The final result will be announced on our website and SNS no later than 15th October.

Event Outline

Objectives

The London Sake Challenge, created and organised by the Sake Sommelier Association, is a fantastic opportunity to boost the market presence of sake. Utilising our world-renowned sake sommelier and sake educators as judges, this competition is a great chance for competitors to enter the European market and expand their established market in Japan.

One of the key features of the London Sake Challenge is that it introduces sake to the younger generation in both the UK and in Japan. By providing a focus on pairing sake, as a fashionable drink, with non-oriental food it helps to create new markets and possibilities for sake to be bought and enjoyed.

The aim of the **London Sake Challenge** is to identify and reward sake of outstanding quality. It is also designed to enhance the overall profile of sake, whilst:

- Provide all Entrants with an independent evaluation of their products.
- Optimize the introduction of quality sake to a relatively unexploited market.
- Promote the quality, diversity and excellence of the Award-Winning Sake Entries.
- Encourage the expansion of sake internationally.
- Reinforce consumer appreciation of sake outside of Japan or Japanese cuisine.
- Use the international nature of the competition to maximize awareness of the Award-Winning Sake Entries within Japan.

Judges

The **London Sake Challenge** recruits some of the industry's most noted experts as judges. We believe that assessing sake is as difficult as judging wine. For that reason all of our judges have earned their Certified Sake Sommelier qualification or higher (Advanced or Master Sake Sommelier).

Each year's judges have been chosen to reflect Sake Sommeliers from different backgrounds from across the UK, in order to gain as wide a perspective on taste and quality as possible. At the London Sake Challenge, we take pride in our passion and knowledge of sake; and approach sake with the same love & respect as a master brewer would.

Judging Criteria

Each sake entry is scored individually and not comparatively when tasted. After the professional tasting, each sake is also judged on its label's elegance and its packaging.

In order to guarantee a fully objective judgement, each score provided by individual judges are combined and averaged, to reach a final score for the entry.

The professional tasting is based on aroma and flavour profile, examining the sensory qualities of each sake by measuring the following:

- **The Eye** determines the intensity, appearance, type, and brilliance.
- **The Nose** discovers the bouquet and the aroma.
- **The Mouth** reveals the flavour and taste.
- **The Harmony** of the nose and the mouth gives a final, global, appraisal of the entry.
- **The Elegance** of the packaging is also judged.

Scores are then indicated by a number of stars, ranging from 0 – 10. These numbers reflect the following:

- 0 Stars Does not meet the standard of the Challenge
- 1-2 Stars Fair
- 3-4 Stars Good
- 5-6 Stars Very Good
- 7-8 Stars Highly Recommended
- 9-10 Stars Outstanding
